## endura<sup>®</sup>XL SOLIDS INTERCEPTOR

### Hard Problems Need Solid Solutions

Endura XL Solids Interceptors are designed for the separation and retention of solid waste material as a by-product of food service establishments, breweries and many other applications.

Traffic rated covers with Solids Interceptor identifications for easy inspection.

## Features

- Up to 90% of tank volume dedicated to the storage of solid waste
- Lightweight for easy installation
- Meets Miami DERM requirements for solids interceptors in specific applications
- Flexible installation options to adapt to your interceptor needs

CAPACITIES	Endura XL SOLIDS INTERCEPTOR
<b>Part Number</b>	40100E04
<b>US Gallons Per Minute - GPM (L/Sec)</b>	Up to 125 (7.89)
<b>Solids Capacity</b>	Up to 232 gal
<b>Operating Temperature Capabilities</b>	160°F (71°C)
<b>Cover Load Rating - CSA B481.0</b>	<b>S</b> 10,000 lbs (4536 kg)
<b>CSA B481.0 Min. Test Load for Approval</b>	<b>S</b> 20,000 lbs (9072 kg)
<b>Unit Weight (Empty)</b>	283 lb (128 kg)
<b>Liquid Capacity</b>	257 gal (1168 L)
<b>Connection Size (mechanical joint only)</b>	4"
